

ONLY TWO WEEKS TO GO

Welcome to our October 2013 Newsletter.

As the email subject states there is only two weeks to go before our early bird special ends for our Desert Dreaming Journey. This is a very special journey and not your normal touristy experience. We will be deep in country spending time with the traditional and Original custodians of this amazing and wonderful part of Australia. Many of these people have an unbroken link to their land, their country, their traditions and their stories.

There is a HUGE saving of \$453 if you take advantage of our special.

We also have to submit the names of those joining us at the end of October, so if you haven't let us know that you are coming with us, NOW is the time and pretty much your last chance.

We can extend the payment period for a couple of weeks but *not your registration, it must be in by 30th October, 2013.*

So what we have created is a special registration form for you and as you will see you have a little bit more time to get your payment to us.....just click [HERE](#) print it off, fill it in and email it to us NOW. info@ancientpathways.com.au

And speaking of being in country. We have had the most amazing experience helping out Steven and Evan Strong from [Forgotten Origin](#) in conjunction with Traditional Elders " *on a two-day investigation of a sacred Aboriginal site upon which an ancient stone arrangement once stood. The rock formation has been described as 'Australia's Stonehenge' for its immense significance.*" Rather than us repeating or trying to repeat what has already been wonderfully presented by others here are links to the [papers](#) and

[youtube](#) presentations. Just know that we were there and honoured to be part of a hugely significant event not only for the Original peoples of Australia but also the planet. It was for us a deeply spiritual and moving experience that took us a good part of a week to re-enter from.

Please take the time to read the articles and watch the youtube clip.

A representation of what the very sacred site would have looked like.

That is all from us this month as we feel you have lots to look at and read. Also if you haven't visited our new website for our Clinic [here](#) is your chance to do so. We would love your feed back as well.

Blessings for now

Phoebe and Paul.

Remember that people who eat semi-dried tomatoes are just impatient!
